This iPad interactive book is an indispensable tool for pilots seeking the Airbus A320 type rating. This study guide offers an in-depth systems knowledge with pictures, videos and schematics not found in other publications. It is packed with detailed and useful information to prepare any candidate for command and responsibility of the A320 equipped with IAE or CFM engines.

A vital resource for pilots, instructors, and students, from the most trusted source of aeronautic information.

The most comprehensive coverage to date of Air France 447, an Airbus A330 that crashed in the ocean north of Brazil on June 1, 2009, killing all 228 persons on board. Written by A330 Captain, Bill Palmer, this book opens to understanding the actions of the crew, how they failed to understand and control the problem, and how the airplane works and the part it played. All in easy to understand terms. Addressed

Download File PDF A330 Study Guide

are the many contributing aspects of weather, human factors, and airplane system operation and design that the crew could not recover from. How each contributed is covered in detail along with what has been done, and needs to be done in the future to prevent this from happening again. Also see the book's companion website: UnderstandingAF447.com

Captain John A. Moktadier graduated and received his Bachelor's Degree from Embry-Riddle Aeronautical University in Daytona Beach, Florida. He has been flying for the past 35 years and currently holds both a Gold Seal Flight Instructor and Advanced Ground Instructor licenses from the FAA. Capt. Moktadier has four type ratings which include: Airbus 330, Airbus 320, Boeing 747 and Boeing 727. He has logged over 24,000 hours flight time with the majority of his hours in jet transport and wide body aircraft. He has flown around the world. Captain Moktadier served as a Boeing 727 Check Airman (TRE) and conducted rating rides, proficiency checks, instructions and simulator checks and line checks for over 10 years with a commercial airline in the United States. He has trained hundreds of pilots with no failures and well above average results. The pilots he has trained have lots of respect for Capt. Moktadier's knowledge and his training style made them feel relaxed during the entire simulator session maximizing their learning due to his teaching ability, honesty and integrity. They have all commented that he is a true professional instructor and TRE. This is his second book that he has published. The first one was Boeing 727 Flight Master which received many outstanding and excellent reviews and positive feedback from the professionals in the airline industry who read the book and it soon became one of the best training books on a Boeing 727.

This unique, fully interactive work book will arm you with all the necessary skills to succeed at your all important job interview. This work book from Flightdeck Consulting covers every aspect of the modern airline pilot interview. From a phone interview through to both behavioral and technical questions this book will guide and prepare you for your all important airline interview. The structure and delivery of your answers is essential to portray a confident and competent team member in your interview. This work booklet will guide you on how to structure your answers and deliver them in a clear, concise and professional manner. The authors of this book have a combined 28 years of experience flying the A330, A340, B777, B747-400 and E-Jets. Their company, Flightdeck Consulting has helped hundreds of pilots around the globe achieve their dream of flying for the airlines. They have combined their knowledge and experience of airline recruitment to produce this essential book for all aspiring airline pilots.

In this manual, you as a pilot, will learn about main flight concepts and how the A320 works during normal and abnormal operations. This is not a technical manual about systems, it's a manual about of flight philosophy. This manual is based on the original Airbus manual called "The Flight Crew Training Manual" which is published as a supplement to the Flight Crew Operating Manual (FCOM) and is designed to provide pilots with practical information on how to operate the Airbus aircraft. It should be read just like a supplement and not for real flight. In this case refer to the original FCOM from Airbus. Let's start to fly the amazing A320 with our collection of books and remember, it's not a technical manual so enjoy it!

Do you pray as often and as boldly as you want to? There is a way to experience a deeper, more passionate, persistent, and intimate prayer life. Drawing from forty days of true stories, Mark Batterson applies the principles of his New York Times bestselling book *The Circle Maker* to teach us a new way to pray. As thousands of readers quickly became many tens of thousands, true stories of miraculous and inspiring answers to prayer began to pour in, and as those stories were shared, others were bolstered in their faith to pray with even more boldness. In *Draw the Circle*, through forty true, faith-building stories of God's answers to prayer, daily scriptures and prayer prompts, Batterson inspires you to pray and keep praying like never before. Begin a lifetime of watching God work. Believe in the God who can do all things. Experience the power of bold prayer and even bolder faith in *Draw the Circle*.
