Today I have found that psychiatrists (including myself) are often treating singles who have divorced and are seeking new relationships.

8 Tips for Navigating Life's Transitions | HuffPost Life
The college years are a big transition for most students as they navigate new relationships on campus and try to maintain relationships with friends and family back home.

Maintaining Healthy Relationships in College | CollegeXpress
A couples' ability to navigate these stages is often the key to their relationship satisfaction. Neuroscientists and " experts in love " have outlined four stages of a relationship. These stage go from falling in love to living happily ever after (or, at least, for a while).

Navigating the 4 Stages of a Relationship
Moving is arguably the biggest change after college graduation that could be helpful or hurt the relationship with your parents. Whether you decide to move back home or move away, these conversations could be positive or negative. Some parents are happy to assist their new college graduate by letting them move back home.
