Arc of Justice: A Saga of Race, Civil Rights, and Murder ...

Kevin Boyle, Arc of Justice: A Saga of Race, Civil Rights, and Murder in the Jazz Age We will discuss Boyle's book on Monday, October 11th. There will be a twenty question short answer quiz on the reading. If you have not done either the Option A or Option B paper assignment, you will need to do Option C on Arc of Justice.

An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.

Follows the 1925 murder trial of African-American doctor Ossian Sweet, who was accused of murdering a white person during a mob attack on his home, and includes a history of the Sweet family and a portrait of his attorney, Clarence Darrow.

Follows the 1925 murder trial of African-American doctor Ossian Sweet, who was accused of murdering a white person during a mob attack on his home, and includes a history of the Sweet family and a portrait of his attorney, Clarence Darrow.

The inside story of how a courageous FBI informant helped to bring down the KKK organization responsible for a brutal civil rights-era killing. By early 1966, the work of Vernon Dahmer was well known in south Mississippi. A light-skinned Black man, he was a farmer, grocery store owner, and two-time president of the Forrest County chapter of the NAACP. He and Medgar Evers founded a youth NAACP chapter in Hattiesburg, and for years after Evers's assassination Dahmer was the chief

## File Type PDF Arc Of Justice A Saga Of Race Civil Rights And Murder In The Jazz Age

advocate for voting rights in a county where Black registration was shamelessly suppressed. This put Dahmer in the crosshairs of the White Knights, with headquarters in nearby Laurel. Already known as one of the most violent sects of the KKK in the South, the group carried out his murder in a raid that burned down his home and store. A year before, Tom Landrum, a young, unassuming member of a family with deep Mississippi roots, joined the Klan to become an FBI informant. He penetrated the White Knights' secret circles, recording almost daily journal entries. He risked his life, and the safety of his young family, to chronicle extensively the clandestine activities of the Klan. Veteran journalist Curtis Wilkie draws on his exclusive access to Landrum's journals to re-create these events—the conversations, the incendiary nighttime meetings, the plans leading up to Dahmer's murder and its erratic execution—culminating in the conviction and imprisonment of many of those responsible for Dahmer's death. In riveting detail, *When Evil Lived in Laurel* plumbs the nature and harrowing consequences of institutional racism, and brings fresh light to this chapter in the history of civil rights in the South—one with urgent implications for today.

The "arresting, astonishing history" of one lawyer and his defendant who together achieved a "civil rights milestone" (Justin Driver). In 1966 in a small town in Louisiana, a 19-year-old black man named Gary Duncan pulled his car off the road to stop a fight. Duncan was arrested a few minutes later for the crime of putting his hand on the arm of a white child. Rather than accepting his fate, Duncan found Richard Sobol, a brilliant, 29-year-old lawyer from New York who was the only white attorney at "the most radical law firm" in New Orleans. Against them stood one of the most powerful white supremacists in the South, a man called simply "The Judge." In this powerful work of character-driven history, journalist Matthew Van Meter vividly brings alive how a seemingly minor incident brought massive, systemic change to the criminal justice system. Using first-person interviews, in-depth research and a deep knowledge of the law, Van Meter shows how Gary Duncan's insistence on seeking justice empowered generations of defendants—disproportionately poor and black—to demand fair trials. *Duncan v. Louisiana* changed American law, but first it changed the lives of those who litigated it.

In 1925 Leonard Rhinelander, the youngest son of a wealthy New York society family, sued to end his marriage to Alice Jones, a former domestic servant and the daughter of a "colored" cabman. After being married only one month, Rhinelander pressed for the dissolution of his marriage on the grounds that his wife had lied to him about her racial background. The subsequent marital annulment trial became a massive public spectacle, not only in New York but across the nation—despite the fact that the state had never outlawed interracial marriage. Elizabeth Smith-Pryor makes extensive use of trial transcripts, in addition to contemporary newspaper coverage and archival sources, to explore why Leonard Rhinelander was allowed his day in court. She moves fluidly between legal history, a day-by-day narrative of the trial itself, and analyses of the trial's place in the culture of the 1920s North to show how notions of race, property, and the law were—and are—inextricably intertwined.

Documents the events surrounding the racially charged court case involving the Southern Exodus, the KKK, and the Sweet

family, tracing the prejudice that targeted 1925 Detroit's first African-Americans and the unprecedented hiring of attorney Clarence Darrow by the NAACP. By the author of *Families in Pain*. Reprint. 20,000 first printing.

A Los Angeles Times Most Anticipated Book of Fall 2021 From the National Book Award winner, a masterful history of the decade whose conflicts shattered America's postwar order and divide us still. On July 4, 1961, the rising middle-class families of a Chicago neighborhood gathered before their flag-bedecked houses, a confident vision of the American Dream. That vision was shattered over the following decade, its inequities at home and arrogance abroad challenged by powerful civil rights and antiwar movements. Assassinations, social violence, and the blowback of a "silent majority" shredded the American fabric. Covering the late 1950s through the early 1970s, *The Shattering* focuses on the period's fierce conflicts over race, sex, and war. The civil rights movement develops from the grassroots activism of Montgomery and the sit-ins, through the violence of Birmingham and the Edmund Pettus Bridge, to the frustrations of King's Chicago campaign, a rising Black nationalism, and the Nixon-era politics of busing and the Supreme Court. The Vietnam war unfolds as Cold War policy, high-stakes politics buffeted by powerful popular movements, and searing in-country experience. Americans' challenges to government regulation of sexuality yield landmark decisions on privacy rights, gay rights, contraception, and abortion. Kevin Boyle captures the inspiring and brutal events of this passionate time with a remarkable empathy that restores the humanity of those making this history. Often they are everyday people like Elizabeth Eckford, enduring a hostile crowd outside her newly integrated high school in Little Rock, or Estelle Griswold, welcoming her arrest for dispensing birth control information in a Connecticut town. Political leaders also emerge in revealing detail: we track Richard Nixon's inheritances from Eisenhower and his debt to George Wallace, who forged a message of racism mixed with blue-collar grievance that Nixon imported into Republicanism. *The Shattering* illuminates currents that still run through our politics. It is a history for our times.

"[Red Notice] does for investing in Russia and the former Soviet Union what *Liar's Poker* did for our understanding of Salomon Brothers, Wall Street, and the mortgage-backed securities business in the 1980s. Browder's business saga meshes well with the story of corruption and murder in Vladimir Putin's Russia, making *Red Notice* an early candidate for any list of the year's best books" (*Fortune*). "Part John Grisham-like thriller, part business and political memoir." —*The New York Times* This is a story about an accidental activist. Bill Browder started out his adult life as the Wall Street maverick whose instincts led him to Russia just after the breakup of the Soviet Union, where he made his fortune. Along the way he exposed corruption, and when he did, he barely escaped with his life. His Russian lawyer Sergei Magnitsky wasn't so lucky: he ended up in jail, where he was tortured to death. That changed Browder forever. He saw the murderous heart of the Putin regime and has spent the last half decade on a campaign to expose it. Because of that, he became Putin's number one enemy, especially after Browder succeeded in having a law passed in the United States—*The Magnitsky Act*—that punishes a list of Russians implicated in the lawyer's murder. Putin famously retaliated with a law that bans Americans from adopting Russian orphans. A financial caper, a crime thriller, and a political crusade, *Red Notice* is the story of one man taking on

## File Type PDF Arc Of Justice A Saga Of Race Civil Rights And Murder In The Jazz Age

overpowering odds to change the world, and also the story of how, without intending to, he found meaning in his life.
