This book brings together 30 papers commissioned from 2011 to 2013 by the EU-funded Europe–China Research and Advice Network (ECRAN). These papers, thematically grouped in sections on economics, society and politics, were written by some of the world's leading China experts in Europe, and give a European perspective of this complex relationship. The papers provide a broad overview of how Europeans see the key challenges currently faced by China and Europe as well as a unique insight into the related policy aspects of the vexed and complex relationship of the two largest trading partners in the world. The EU–China Relationship: European Perspectives is written in a highly pragmatic manner, focusing on specific political, economic and social issues that impact on international relations. It is an essential EU toolkit and policy handbook for academics and policy makers in government and business who are engaging with China, not just in the EU but across the world. The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

Central America constitutes a fascinating case study of the challenges, opportunities and characteristics of the process of transformation in today's global economy. Comprised of a politically diverse range of societies, this region has long been of interest to students of economic development and political change. The Handbook of Central American Governance aims to describe and explain the manifold processes that are taking place in Central America that are altering patterns of social, political and economic governance, with particular focus on the impact of globalization and democratization. Containing sections on topics such as state and democracy, key political and social actors, inequality and social policy and international relations, in addition to in-depth studies on five key countries (Costa Rica, Nicaragua, El Salvador, Honduras and Guatemala), this text is composed of contributions from some of the leading scholars in the field. No other single volume studies the current characteristics of the region from a political, economic and social perspective or reviews recent research in such detail. As such, this handbook is of value to academics, students and researchers as well as to policy-makers and those with an interest in governance and political processes.

Strategic Supervision is a brief, practical guide to the most important aspects of supervisory leadership and personnel management within the social work environment. This is an applications-oriented book aimed at helping practitioners to problem-solve, lead teams and support multi-cultural and other forms of diverse staffing. A hands-on guide, designed for working with employees having performance difficulties and explaining how using a clear, but thorough, performance planning and review process is essential to best practice. It also offers a management tool for working with Equal Employment Opportunity, Affirmative Action and other nondiscriminatory practices in hiring and promotion activities.
