A noted historian presents an assessment of Bob Dylan and his music that draws on unprecedented access to rare materials and illuminates key cultural influences.

Following the epic conclusion of her internationally bestselling Women of the Otherworld series, Kelley Armstrong launches a brand-new series set in Cainsville, a small town as spookily fascinating as Stephen King's Castle Rock or Dean Koontz's Moonlight Bay. Olivia Taylor Jones, 24, seems to have the perfect life. The only daughter of a wealthy Chicago family, she has an Ivy League education, pursues volunteerism and philanthropy, and is engaged to a handsome young tech-firm CEO with political ambitions. But Olivia's world is shattered when she finds out that she's adopted. Her real parents? Todd and Pamela Larsen, notorious serial killers, each still serving a life sentence. The news brings a maelstrom of unwanted publicity to her adopted family and fiancé, and Olivia thinks the best thing she can do for herself and for them is run away from it all. She ends up in the small town of Cainsville, Illinois, an old and cloistered community that takes a particular interest in both Olivia and her decision to uncover the truth about her birth parents. Olivia decides to focus on the Larsens' last crime, the one Pamela Larsen swears will prove their innocence. But as she and Gabriel Walsh, Pamela's former lawyer, start investigating, Olivia finds herself drawing on abilities that have remained hidden since her childhood, gifts that make her both a valuable addition to Cainsville and deeply vulnerable to unknown enemies. There are dark secrets behind her new home, and powers lurking in the shadows that have their own plans for her.

"Fascinating... a regular field manual... meticulously researched and very entertaining." --G. Gordon Liddy A thoroughly revised and updated edition of the essential guide to preserving your personal security From cyberspace to crawl spaces, new innovations in information gathering have left the private life of the average person open to scrutiny, and worse, exploitation. In this thoroughly updated third edition of his immensely popular guide How to Be Invisible, J.J. Luna shows you how to protect your home address, hide your ownership of vehicles and real estate, use pagers with dumbphones, switch to low-profile banking and invisible money transfers, use alternate signatures, and how to secretly run a home-based business. J.J. Luna is an expert and highly trained security consultant with years of experience protecting himself, his family, and his clients. Using real life stories and his own consulting experience, J.J. Luna divulges legal methods to attain the privacy you crave and deserve, whether you want to shield yourself from casual scrutiny or take your life savings with you and disappear without a trace. Whatever your needs, Luna reveals the shocking secrets that private detectives and other seekers of personal information use to uncover information and then shows how to make a serious commitment to safeguarding yourself. There is a prevailing sense in our society that true privacy is a thing of the past. In a world where privacy concerns that only continue to grow in magnitude, How to Be Invisible, Third Edition is a critical antidote to the spread of new and more efficient ways of undermining our personal security. Privacy is a commonly-lamented casualty of the Information Age and of the world's changing climate--but that doesn't mean you have to stand for it. This new edition of J. J. Luna's classic manual contains step-by-step advice on building and maintaining your personal security, including brand new chapters on: - The dangers from Facebook, smartphones, and facial recognition - How to locate a nominee (or proxy) you can trust - The art of pretexting, aka social engineering - Moving to Baja California Sur; San Miguel de Allende, Guanajuato; Cuenca, Ecuador; or Spain's Canary Islands - The secrets of international privacy, and much more!

Presents the basic concepts of science utilizing the historical and philosophical approach.

THE TIME NONFICTION BOOK OF THE YEAR 'Required reading for all of humanity' Oprah Winfrey "If you haven't read it yet, you absolutely must." - Edward Enniful, Vogue 'An instant American classic' Dwight Garner, The New York Times 'The hierarchy of caste is not about feelings or morality. It is about power - which groups have it and which do not' Beyond race or class, our lives are defined by a powerful, unspoken system of divisions. In Caste, Pulitzer Prize-winning author Isabel Wilkerson gives an astounding portrait of this hidden phenomenon. Linking America, India and Nazi Germany, Wilkerson reveals how our world has been shaped by caste - and how its rigid, arbitrary hierarchies still divide us today. With clear-sighted rigour, Wilkerson unearths the eight pillars that connect caste systems across civilizations, and demonstrates how our own era of intensifying conflict and upheaval has arisen as a consequence of caste. Weaving in stories of real people, she shows how its insidious undertow emerges every day; she documents its surprising health costs; and she explores its effects on culture and politics. Finally, Wilkerson points forward to the ways we can - and must - move beyond its artificial divisions, towards our common humanity. Beautifully written and deeply original, Caste is an eye-opening examination of what lies beneath the surface of ordinary lives. No one can afford to ignore the moral clarity of its insights, or its urgent call for a freer, fairer world.
