*Dashcode FOR DUMMIES (Book, 2011) [WorldCat.org]*  
Long dashes — what grammarians call em dashes — are dramatic. Those long straight lines draw your eye and hold your attention. But long dashes aren't just show-offs. They insert information into a sentence and introduce lists. Short dashes — technically, en dashes — aren't as showy as their wider cousins, but they're still useful. [...]

DAX stands for Data Analysis Expression and is the name of the language that PowerPivot for Excel 2013 uses to create calculations between the columns (fields) in your Excel Data Model. Fortunately, creating a calculation with DAX is more like creating an Excel formula that uses a built-in function than it is like using a [...]
