Revolution as the backdrop. One fine day, the family's old nanny surprisingly leaves her seemingly eternal retirement and gets lost in the forest. When they find her, she is carrying two small bundles: in one arm is a mysterious baby, and in the other is a beehive. Upon the nanny's insistence, the Morales family decides to adopt the little one. Covered by the living blanket of bees that will always accompany and guide him, Simonopio will change the history of the family that takes him in and of an entire region. To achieve this, he must face his fears, the enemy that lies in wait, and the great threats of war: the Spanish influenza and the clashes between those who want the land of others and those who would protect their

But he is welcomed by landowners Francisco and Beatriz Morales, who adopt him and care for him as if he were their own. As he grows up, Simonopio becomes a cause for wonder to the Morales family, because when the uncannily gifted child closes his eyes, he can see what no one else can--visions of all that's yet to come, both beautiful and dangerous. Followed by his protective swarm of bees and living to deliver his adoptive family from threats--both human and those of nature--Simonopio's purpose in Linares will, in time, be divined.
