The tide is turning, however, thanks to what has been called the "farm-to-table" movement. In Farm to Table, Darryl Benjamin and Chef Lyndon Virkler explore both the roots of our current, corporate food system malaise, and the response by small farmers, food co-ops, chefs and restaurateurs, institutions, and many more, to replace the status quo with something more healthy, fair, just, and delicious.

Farm-to-table is a social movement which promotes

Download File PDF Farm To Table The Essential Guide

serving local food at restaurants and school cafeterias, preferably through direct acquisition from the producer. This might be accomplished by a direct sales relationship, a community-supported agriculture arrangement, a farmer's market, a local distributor or by the restaurant or school raising its own food. Farm-to-table often incorporates a form of food traceability where the origin of the food is identified to consumers. Often restaurants ca

Legally, it seems farm-to-table doesn't have a definition. While local is defined by the USDA as coming from within 400 miles, farm-to-table has no teeth. This lack of guidelines causes frustration among those devoting effort to farm-to-table concepts. Andrew Wood, Chef-Owner of Russet in Philadelphia says, "Farm to table is getting played ...
