Development (DEV)

investigates the characteristics, origins and effects of different types of power relations in the global South.

Using evidence-based approaches, our research asks how both domestic and international factors shape political regimes, forms of governance and developmental outcomes.

This volume examines how various forms of governance have emerged in South Asia after colonialism, and the developmental and conflict-related challenges the region faces. Drawing from the

Get Free Governance

contexts of India, Sri Lanka and Nepal, it highlights the degree of institutionalization of democracy.
