This unit is the first of four units on materials for Grade 2. The unit is designed to guide your planning and teaching of lessons on materials. It provides a link between the standards for science and your lesson plans. The teaching and learning activities should help you to plan the content and pace of lessons. Adapt the ideas to meet the needs of your class. For extension activities, look at the scheme of work for Grade 2. You can also supplement the activities with

GRADE 2: Materials 1 UNIT 2M.1 Properties of materials 8 hours

In this article, you will find our compiled GRADE 2 Learners Materials (LM). We aim to complete all the GRADE 2 Learners Materials (LM) to make them available to our fellow teachers and help them complete their resources to make their efforts more directed into the actual teaching process.

GRADE 2 Learners Materials (LM) - 1st Quarter | DepEd Club

Grade 2 Module 1: Sums and Differences to 100. Module 1 sets the foundation for students to master sums and differences to 20. Students subsequently apply these skills to fluently add one-digit to two-digit numbers at least through 100 using place value understanding, properties of operations, and the relationship between addition and subtraction
