Combining readings and case studies, this text asserts that business ethics is

Download File PDF Honest Work Business Ethics

primarily about the ethics of individuals and challenges students to reconcile their personal value systems with standard business practice. Integrating new material on fairness, the financial system, and the global village, this is a practical overview of the ethical issues students are most likely to face in the workforce.

Combining readings and case studies, this text asserts that business ethics is primarily about the ethics of individuals and challenges students to reconcile their personal value systems with standard business practice. With a unique focus on the personal dimension of ethics, this is a practical overview of the ethical issues students are most likely to face in the workforce.

Honest Work: A Business Ethics Reader, now includes 103 readings and 80 cases

Download File PDF Honest Work Business Ethics

on such classic topics as honesty and trust in the workplace, whistleblowing, product liability, finance ethics, and conflicts of interest, along with more cutting edge subjects including environmental ethics and ethics and technology. The text was revised in the midst of the worst global financial crisis since the Great Depression, which reaffirms the convictions that led the authors to develop this text: first, that business ethics is primarily about the ethics of individuals; second, that business itself is a morally sensitive endeavor as it directly or indirectly harms or benefits other people. Honest Work assumes that the goal of a business ethics course is to help students become successful as human beings so that they can go on to invent, run, and rebuild sustainable businesses. Unlike most texts, it brings ethical questions back to the reader, and challenges students to think about the

Download File PDF Honest Work Business Ethics

relationship between the way they do business and the kind of life they want to live. questions, and suggested readings and web links. An Instructor's Manual with Test Bank is available to adopters.

This work is a brief yet comprehensive introduction to the thought-provoking field of business ethics. It is organized into three parts that cover the role of business in society, the ethics of internal management, and the challenges of international business.

Top academic scholars ponder the question of ethics as it pertains to all aspects of leadership in business, government, and nonprofit organizations.

- Includes contributions from philosophers, management theorists, and industrial and organizational psychologists
- Reveals the roles that deception and self-

deception play in exercising power •

Explains complex management models in easy-to-understand, accessible language •

Examines leadership across a variety of industries

What does it mean to be an ethical professional? A professional career can be so demanding that it permeates every aspect of a person's life and personality. In light of this fact, it is especially important for students who are planning to enter a chosen profession to understand its moral status, moral virtues, and possible moral pitfalls, so that they will be equipped to deal with the inevitable moral quandaries that they will encounter as professionals. The most up-to-date professional ethics reader available, *Ethics Across the Professions* analyzes the complex ethical issues that arise in such fields as engineering, finance, healthcare,

Download File PDF Honest Work Business Ethics

journalism, and law. Featuring a wide array of both classic and contemporary sources, it ranges from works by Aristotle and Kant to selections by Michael Bayles, Sissela Bok, Paul Ekman, and Thomas Nagel. Organized topically, the anthology covers what it means to be a professional, outlines several ethical models, and addresses key issues including deception in professional life, privacy, loyalty, social welfare, conflicts of interest, and self-regulation. The book includes detailed chapter introductions, several practical case studies at the end of each chapter, and provocative discussion questions on issues like "whistle-blowing," educating illegal immigrant children, sports, and advertisements for pharmaceutical companies. Edited by three renowned ethicists, *Ethics Across the Professions* is especially suited for introductory professional ethics courses taught in

A wide-ranging look at the allure and changing significance of work. With seductions, misunderstandings, and misinformation everywhere, this immensely readable book calls for a new contract--with ourselves. Drawing from history, mythology, literature, pop culture, and practical experience, Ciulla probes the many meanings of work or its meaninglessness and asks: Why are so many of us letting work take over our lives and trying to live in what little time is left? What has happened to the old, unspoken contract between worker and employer? Why are young people not being disloyal when they regularly consider job-changing? Employers can't promise as much to workers as before. Is that because they promise so much to stockholders? Why are there mass layoffs and

Download File PDF Honest Work Business Ethics

"downsizing" in a time of unequalled corporate prosperity? And why are the most common lies in business about satisfactory employee performance? The traditional contract between employers and employees is over. This thoughtful and provocative study shows how to replace it by the one we make with ourselves.

Discover success in global business today with the most strategic approach to international business topics and unique coverage not found in other books. GLOBAL BUSINESS, 4th Edition, is the first global business book that answers the big question, What determines the success and failure of firms around the globe?
