I had the same problem with my designjet 130nr and know what your going thru. My paper feed problems were solved by cleaning the tiny stainless rollers inside the printer under the large cover access, they are very tiny, about a 1/16 of an inch in diameter and 2 inches long. There are 12 of them and the little buggers had dried ink on them!

The HP Designjet 130nr has additional packing material that must be removed from the front of the printer. Figure : Additional 130nr packing material Connect the printer to a power source, and then turn the printer on.

**HP Designjet 30 and 130 Series Printers - Printer Setup ...**

Never resolved the issue. Was told at one point that it's none of my business when a roll of paper was manufactured. (Recent rolls have been better but still exhibit slight cross creasing the last 10' ft. or so on the roll. The reputation of HP that I've heard (rumor) is that they now consider the dj130 a "throwaway printer".

In our line of HP large format printers, the T520 is small enough to fit into any office. With this solution, you can enjoy easy wireless printing from a computer or mobile device while producing prints up to 2400 dpi for crisp, outstanding images every time. The DesignJet T730 is an HP plotter printer that blurs the line between size and ...

**HP® DesignJet Printers**

For this review, I tested the DesignJet 130nr, which includes the roll feeder and an Ethernet connection, so the printer's easily networked. The nr version costs \$1,895. If you don't need the networking option, you'll get the same quality for \$1,295, and you can always add the roll feeder for an additional \$60. Setup is fairly simple.
