IEEE citation style is used primarily for electronics, engineering, telecommunications, computer science, and information technology reports. The three main parts of a reference are as follows: • Author's name listed as first initial of first name, then full last. • Title of article, patent, conference paper, etc., in quotation marks.

How to Cite References: IEEE Documentation Style
This style manual provides editorial guidelines for IEEE Transactions, Journals, and Letters. For spelling reference, IEEE Publications uses Webster's College Dictionary, 4thEdition. For guidance on grammar and usage not included in this manual, please consult The Chicago Manual of Style, published by the University of Chicago Press.

IEEE Editorial Style Manual (Online)
In all references, the given name of the author or editor is abbreviated to the initial only and precedes the last name. Use commas around Jr., Sr., and III in names. IEEE publications must list names of all authors, up to six names. If there are more than six names listed, use the primary author's name followed by et al.

IEEE Style - IEEE - Referencing Guide - Help and Support ...
The IEEE Style draws on the IEEE Editorial Style Manual, version 9 published in 2016. All sources of information, such as quotes or borrowed ideas, must be acknowledged in your writing. In the IEEE referencing style, a citation number is inserted in square brackets on the same line as the text at the point in your writing where you cite another author's work.

Getting started with IEEE referencing - IEEE Referencing ...
IEEE is a numbered style with two components: In-Text Citations: Sources used are numbered in square brackets (e.g. [1]) in their order of appearance, within the body of work. Reference List: Full references that include detailed information about the sources cited and used are listed at the end of the work. The reference list is numbered, and follows the same order as they are cited in-text (i.e. in order of appearance, not alphabetical order).

IEEE - Citing and referencing - Library guides at Monash ...
IEEE style is based on the Chicago Style. In IEEE style, citations are numbered, but citation numbers are included in the text in square brackets rather than as superscripts. All bibliographical information is exclusively included in the list of references at the end of the document, next to the respective citation number. References

IEEE style - Wikipedia
The IEEE Reference Guide (PDF, 1.1 MB) outlines how to cite a variety of references in IEEE style. To cite specific IEEE periodicals, check Journal Titles and Abbreviations (PDF, 634 KB)

or Magazine Titles and Abbreviations (PDF, 510 KB) as appropriate. For spelling reference, IEEE uses Webster's New World College Dictionary, 4th Edition.

IEEE Editorial Style Manual – IEEE Author Center Journals
