Outlines a strategy for personal success that explains how readers can adjust the telling of their life stories to promote goals and change how they are seen by others. By the author of The Power of Full Engagement. Reprint. 35,000 first printing.

Four forms of energy pulse through each of us at all times: physical, emotional, mental and spiritual. To thrive, we must recruit all four of these energies in the service of a specific mission. To be fully engaged means to be physically energized, emotionally engaged, mentally focused, and spiritually vested. Jim Loehr and Tony Schwartz draw on 30 years of research and experience with thousands of world-class athletes, FBI hostage rescue teams, emergency service workers, and corporate executives who must sustain high performance in the face of pressure. In this book they offer their precise understanding of how to help individuals and organizations manage energy to drive full engagement -- along with a step-by-step programme to make that happen.

renowned motivational coach of world-class athletes turns his attention to those in the corporate world. In Stress for Success, business people get a practical, performance-based program to strengthen their physical, mental and emotional resilience. Loehr's 30-day program shows readers how to gradually make the kind of personal lifestyle changes that bring about the kind of high-level performance demanded of people at every level of the corporation. From the Hardcover edition.

Sport Psychologist Dr. Jim Loehr and marketing consultant Peter Mclaughlin outline techniques that can be used to achieve the mental toughness displayed by professional athletes. They take these techniques--including visualization, motivation, performance ritual, breath control, and more--and demonstrate how they can be effectively applied in the business world. Mental toughness allows anyone to overcome stress, anger, fatigue, petty problems and workload so they can accomplish their goals, unlock their boundless physical and mental energy and be focused, relaxed and confident in the workplace. The techniques outlined in this book allow anyone to hone their mental toughness and succeed in today's tough business world.

A practical companion to Leading with Character: 10 Minutes a Day to a Brilliant Legacy, The Personal Credo Journal features activities and exercises to help you develop and strengthen your own personal credo. The challenges we confront every day to remain true to our deepest values and finest character are common to all of us as leaders. Each of us desires to rise above our parochial self-interest and become a true servant leader whose ethical and moral character is beyond reproach, but we struggle mightily to do so. Leading with Character offers a succinct plan for strengthening your character as a leader: Expose the ingenious ways leaders knowingly and unknowingly cross moral lines to get their personal wants and needs met. Prevent leaders from defaulting into reflexive, automatic moral decisions by raising awareness of the process they are using to render a moral decision. Provide leaders with a proven method for constructing a robust Personal Credo which will become the ultimate source code for vetting all their ethical and moral decisions. The program presented in the book, along with the accompanying personal credo journal, provides a practical method that could be used to build and maintain a robust personal morality system for leaders to address inherent flaws in their operating systems.

Nick Corey is a terrible sheriff on purpose. He doesn't solve problems, enforce rules or arrest criminals. He knows that nobody in tiny Potts County actually wants to follow the law and he is perfectly content lazing about, eating five meals a day, and sleeping with all the eligible women. Still, Nick has some very complex problems to deal with. Two local pimps have been sassing him, ruining his already tattered reputation. His girlfriend Rose is being terrorized by her husband. And then, there's his wife and her brother Lenny who won't stop troubling Nick's already stressed mind. Are they a little too close for a brother and a sister? With an election coming up, Nick needs to fix his problems and fast. Because the one thing Nick does know is that he will do anything to stay sheriff. Because, as it turns out, Sheriff Nick Corey is not nearly as dumb as he seems. In Pop. 1280, widely regarded as a classic of mid-20th century crime, Thompson offers up one of his best, in a tale of lust, murder, and betrayal in the Deep South that was the basis for the critically acclaimed French film Coup de Torchon.

Shows how executives can achieve optimum success at work by focusing on a program advocating self-improvement through mental and physical fitness

The bestselling author of Mental Toughness Training for Sports uses a practical step-by-step approach that combines mental and physical conditioning with the latest scientific advances in nutrition to create mind-body synergy that will help readers reinforce their immune systems, build energy levels, and toughen themselves up all around.

A personal energy training program outlines strategies on how to prevent burnout and improve productivity, discussing such areas as how to work with four key sources of energy, balancing stress and recovery, expanding capacity, and implementing positive routines. Reprint. 60,000 first printing.

Argues that controlled breathing can help reduce stress, ease childbirth, lose weight, lower blood pressure, control pain, and break habits
