The KBB RV guide is recommended by most financial institutions and dealers to acquire a fair price for both sellers and buyers of an RV. Dealers often look at this guide when considering the trade value of one RV for another. The great thing about the RV blue book is that it is considered a non-biased source of information.

Section 1 includes a step-by-step process for determining the type of recreational vehicle required to satisfy the buyer's needs. It expands on how to choose a recreational vehicle for weekending, vacationing, snowbirding, or fulltiming--whether it's a motor home, travel trailer, camper, or tent trailer. It details types of tow vehicles & matching criteria: weight consideration; how to compare brands & more. Section 2 will take the buyer through an inspection process to determine positive & negative features of the RV's design, workmanship & structural integrity. This section includes
