Kim Parker Floral Perpetual Calendar: Galison, Parker, Kim ... My last perpetual calendar I have had for over 20 years. Decided to get an upgrade, and it failed me. The rings at the top of this calendar are so small they don ' t allow you to even VERY GENTLY turn the pages without ripping or tearing the top. It is a pretty calendar but a waste of money. The rings on mine seem to also be smashed on one side, but even the other side is too small to turn the ...

Mary Pipher, the gifted healer who moved millions of readers with her book Reviving Ophelia, shares for the first time what she has learned in thirty years as a clinical psychologist. These intimate letters tackle with honesty and compassion the challenges faced by all of us who struggle with troubled relationships, stressful jobs, too little time, and too much to do. Pipher's warmth and insight shine from every page of this powerfully engaging guide to living a healthy life.

This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

Kim Parker ' s rise to international renown as a designer and artist—her bedding and bath line launched at Bloomingdale ' s, and she recently introduced new dinnerware and giftware collections with Spode—is truly the story of the American dream. A promising classical flutist with no formal design education, she hit the streets of New York City with her gorgeous designs, worked her way up, and is now one of the hottest, hippest contemporary designers anywhere. Her signature floral prints have become hugely popular and she ' s been profiled in countless design magazines around the world. Kim Parker Home, a thoughtful look at the artist ' s creative process, shows how anyone can create an " interior garden " in their home or apartment. A designer with a funky flair, Parker combines her own fantastic floral prints with unconventional flea market finds, fashionable antiques, and unique modern pieces to create a vibrant, colorful look. The book ' s stunning photographs feature her varied collections of designer rugs, bath and bedding, and dinnerware, as well as examples of the inspiration she finds both in nature and in the city. A wonderful sourcebook for anyone with an eye for mixing vintage and contemporary, Kim Parker Home is also a revealing window on how to make the most of your own creativity and vision.

From the early twentieth century until the Communist takeover in 1949, Shanghai commercial artists created thousands of colorful posters and black and white advertisements that formed an essential part of modern life in the city. This visually appealing and richly illustrated work describes the origin and evolution of modern commercial art in China, focusing on colorful advertisement calendar posters that featured distinctive feminine images. It makes clear how essential commercial art and its institutional backing were to the development of modern art and even modern society in China over the past century. Selling Happiness discusses not only advertising art but also the production and marketing of the calendar poster. These posters, like other advertisements, were rendered in a Western realistic technique and were wildly and widely popular. Ordinary people throughout China often acquired them to decorate their homes. Laing outlines how the Chinese commercial artist, who rarely attended formal Western art classes, gained skills in Western representational art. In the final chapter of the book, she explains how the styles developed by the commercial poster artists during the 1920s and 1930s became the basis for certain types of propaganda art under the Chinese Communists in the 1950s and 1960s.

Invites the reader to count the inhabitants of a garden, from one to ten, such as four bunnies and nine inchworms.

Featuring timeless images from the Papyrus of Ani and zodiac signs from the Temple of Isis, The Book of Days is designed to serve as a permanent record of important events in your life and the lives of family, friends, and loved ones. Use it to chronicle birthdays, engagements, weddings, graduations, and other significant milestones. This exquisite keepsake with three-quarter cloth binding and ribbon marker will become a history of your own unique experiences. As you personalize these pages, they develop into both a treasured history and your family legacy. Images from The Book of Going Forth by Day also known as the Book of the Dead, an Egyptian papyrus painted some 3,500 years ago, are included in full color to accompany each week of the year. Thus, as you memorialize your own life's events, you will share in the personal journey of an ancient scribe and his wife through the realms of the Egyptian Afterlife. Astrological signs from the Temple of Isis in Denderah are featured for each month.

This fun and colorful fill-in journal will help you identify everything you want to do when you retire! Its filled with spaces to list everything you want to do, now that youll finally have the time (as well as lists for ideas on ways to just relax!).
