Alphabetically arranged original essays explore such topics as historical movements, race and masculinity, marriage, and aging.

The battle between the sexes has raged on for centuries; however, are men and women really from different planets? In *The Gendered Society Reader, Fourth Edition*, coeditors Michael Kimmel and Amy Aronson pull together an array of dynamic voices--both male and female, classic and contemporary--to examine various interpretations of gender. These lively, in-depth readings explore gender discourse over a wide range of disciplines, focusing primarily on two central issues: difference and domination. Carefully balanced to reflect the diversity of its subject, this text addresses provocative and fundamental questions including: \* How are males and females different? \* What do these differences mean? \* How do various cultures and religions interpret gender? \* Why do societies continue to differentiate people on the basis of gender? \* Why is it that almost every known society is based on male domination? This reader mirrors the intuitive structure of Kimmel's companion volume, *The Gendered Society, Fourth Edition*. The first sections are arranged by discipline, presenting analyses of

theoretical perspectives and research inquiries. The final sections examine the often fraught relationships between gender and education, the workplace, the media, the body, the family, love, sex, and violence. The celebrated contributors include Peggy Reeves Sanday, Judith Lorber, Robert M. Sapolsky, Scott Coltrane, and many more. Thoroughly updated with rich and timely new material, the fourth edition features twenty-one new selections, including three essays in a new section on religion, four new selections on gender and the media, and a new article on non-heterosexual families. This edition is also supplemented by an Instructor's Manual/Test Bank, which includes discussion questions. A popular and now classic text, *The Gendered Society Reader, Fourth Edition*, is both informative and entertaining; it is required reading for students, scholars, and anyone curious about the fascinating study of gender. Michael Kimmel's textbook, *The Gendered Society, Fourth Edition* (OUP, 2010), provides a perfect complement for classroom use. PACKAGE the textbook and the reader together and save your students 20%! Please call Customer Service at 800.280.0280 for details.

Access code also includes a complete E-Book of Kimmel/Aronson, *Sociology Now: The Essentials*, 1/e.

The sixth edition of *The Gendered Society* explores current thinking about gender, both inside academia and in our everyday lives. Michael Kimmel challenges the claim that gender is limited to women's experiences--his compelling and balanced study of gender includes both masculine and feminine perspectives. Kimmel makes three bold and persuasive statements about gender. First, he demonstrates that gender differences are often extremely exaggerated; in fact, he argues that men and women have much more in common than we think they do. Kimmel also challenges the pop psychologists who suggest that gender difference is the cause of inequality between the sexes; instead, he reveals that the reverse is true--gender inequality itself is the cause of the differences between men and women. Finally, he illustrates that gender is not merely an element of individual identity, but a socially constructed institutional phenomenon.

In just one generation, age-old ideas about women have been swept aside . . . but what does that have to do with men? Authors Michael Kaufman and Michael Kimmel, two of the world's leading male advocates of gender equality, believe it has everything to do with them--and that it's crucial to educate men about feminism in order for them to fully understand just how important and positive these changes have been for them. Kaufman and Kimmel address these issues in *The Guy's Guide to Feminism*. Hip and accessible, it contains nearly a hundred entries--from "Autonomy" to "Zero"--written in varying tones (humorous, satirical, irreverent, thoughtful, and serious) and in many forms ("top ten" lists, comics, interviews, mini-stories, and more). Each topic celebrates the ongoing gains that are improving the lives of women and girls--and what that really means for men. Informal and fun yet substantive and intelligent, *The Guy's Guide to Feminism* illustrates how understanding and supporting feminism can help men live richer, fuller, and happier lives.

A classic Hanukkah tale, now available in a beautiful anniversary edition. A Caldecott Honor book. On the first night of Hanukkah, a weary traveler named Hershel of Ostropol eagerly approaches a village, where plenty of latkes and merriment should warm him. But when he arrives not a single candle is lit. A band of frightful goblins has taken over the synagogue, and the villagers cannot celebrate at all! Hershel vows to help them. Using his wits, the clever trickster faces down one goblin after the next, night after night. But can one man alone save Hanukkah and live to tell the tale? An original adventure featuring a traditional Jewish folk hero, this clever story has been a family favorite for decades and was named a Caldecott Honor book when it was originally published. Trina Schart Hyman's leering goblins are equal parts terrifying and ridiculous as they match wits with Hershel, trying to keep him from lighting the menorah and celebrating Hanukkah. This beautiful 25th Anniversary Edition includes an insightful afterword from the author and publisher explaining the book's origins, and remembering Trina Schart Hyman, the illustrator who brought the tale to life. This classic picture book is a perfect Hanukkah gift and a wonderful read-aloud. For more tales of this clever folk hero, read *The Adventures of Hershel of Ostropol*--another collaboration between master storyteller Eric A. Kimmel and Trina Schart Hyman. Caldecott Honor Book ALA Notable Children's Book NCTE Notable Children's Book in the Language Arts Colorado Children's Book Award Washington Children's Choice Picture Book Award

For more than three decades, the women's movement and its scholars have exhaustively studied women's complex history, roles, and struggles. In *Manhood in America: A Cultural History, Fourth Edition*, author Michael Kimmel argues that it is time for men to rediscover their own evolution. Drawing on a myriad of sources, he demonstrates that American men have been eternally frustrated by their efforts to keep up with constantly changing standards. Kimmel contends that men must follow the lead of the women's movement; it is only by mining their past for its best qualities and worst excesses that men will free themselves from the constraints of the masculine ideal.

The handbook provides a broad view of masculinities primarily across the social sciences, but including important debates in areas of the humanities & natural sciences.
