The study of languages in contact is
an ever-relevant topic in linguistics,
especially at present times when
increasing globalization leads to a
number of new contact situations.

Read Online Language Contact Creolization And

This volume features ten papers on various aspects of language contact by leading specialists in the field. In these papers, contact-induced change in a wide variety of languages is approached from various perspectives, reflecting the current state of affairs in language contact

Read Online Language Contact Creolization And

studies. The first main theme in the volume is related to the linguistic effects of migration, both in the present and in the past, and both in the standard language spoken by ethnic minorities, and in immigrant languages that are influenced by the standard. The second theme concerns

Read Online Language Contact Creolization And

border areas, a traditional treasure trove for the study of contact phenomena. The third theme is about contact effects without physical contact, as well as the role played by translators in this process.
