Writing (Episode #6) Literature Review In Research Papers

When you decide on a research topic, usually the first step you take in the direction of conducting research is learn more about the previous research published on the topic, and

Access Free Literature

this eventually translates into literature review when you write your research paper. Literature review is one of the pillars on which your research idea stands since it provides context, relevance, and background to the research problem

Access Free Literature

you are exploring.

Research

A literature review

Access Free Literature

summarizes and synthesizes the existing scholarly research on a particular topic.

Literature reviews are a form of academic writing commonly used in the sciences, social sciences, and humanities.

However, unlike research papers,

Access Free Literature

which establish new arguments and make original contributions, literature reviews organize and present existing research.

~~Literature Review: Conducting ...~~

Also, unlike a

Access Free Literature

research report, a literature review is not organized into discrete

introduction, methods, results, and discussion sections. Its organization is much more flexible, as it revolves around the themes being discussed from the literature.

Access Free Literature

I have annotated places in this paper that highlight some key features of literature reviews.

~~Sample Literature Review – University of Vermont~~

Literature reviews come in many forms. They can be part of a research paper, for example

Access Free Literature

as part of the
Introduction
section. They can
be one chapter of a
doctoral
dissertation.

Literature reviews
can also “ stand
alone ” as separate
articles by
themselves.

~~Writing a Literature

~~Examples In A Guide
to Writing~~

A literature review
is a critical

summary of what
the scientific

literature says

about your specific
topic or question.

Often student

research in APA

fields falls into this

category. Your

professor might ask

Access Free Literature

you to write this kind of paper to demonstrate your familiarity with work in the field pertinent to the research you hope to conduct.

~~Types of APA
Papers // Purdue
Writing Lab~~

A literature review is a study – or,

Access Free Literature

more accurately, a survey – involving scholarly material, with the aim to discuss published information about a specific topic or research question. Therefore, to write a literature review, it is compulsory that you are a real expert in the object of study.
