There are many books on Hindu astrology. However their perusal is a problem, particularly for the lay readers who do not know Sanskrit. Therefore the author has presented in this book the quintessence of predictive Hindu astrology in a medium understood worldwide. Hindu astrology is sidereal. But in the West most of the astrologers base their calculations and inferences on the tropical zodiac. To cater to their needs and to enable them to convert a tropical zodiac. To cater to their needs and to enable them to convert a tropical chart into a sidereal one, the author has all through provided instructions so that the students and scholars of the West may take full advantage of this textbook. While sticking mainly to the Western terminology, he has utilized essential Hindu terminology where no single word in English could have conveyed the full import of the technical term in Sanskrit. Those who are beginners will find that in perusing this book they can start from the scratch and ascend gradually to the high pinnacles of delineation and judgement. Those who are already acquainted with the subject will find many new rules and the discussions enlightening. Review(s) About the Author(s) Pandit Gopesh Kumar Ojha, one of the best astrologers in the world, was a great scholar and pioneer in writing books on vedic Astrology, physiology, palmistry and various branches of samudrica shastra.

Medical astrology is a specialized branch of Vedic astrology. It is an extraordinary predictive and counseling tool. A horoscope indicates good, bad or indifferent traits and physical, emotional or spiritual characteristics of the native as per the Karmic flow. A chart is only the representation of one's Karmic implications in one's life through planetary influences. The medical astrology helps in understanding well in advance where the human chain is the weakest in the physical body and why. An astute astrologer will be able to diagnose disease and the diseased body part merely by analysis of the horoscope. He should be able to tell the susceptibility or the resistance which a native has for a particular disease. He may be able to tell the period of onset/ recovery from the disease and can also suggest the remedial measures to reduce its severity without any side effect. Once this is known, it will be easier for medicos to quickly arrive at the cause and place of diseased body part and the treatment to which the patient will respond. The diseases are generally indicated by the malefic influences of planets. Houses, signs and Nakshtras wherein the planets are placed indicate tendencies, susceptibility, resistance and potential of various ailments in the body. When these potential will manifest depends upon the dasha periods and transit of planets. The numbers of diseases which a native may have to encounter are numerous. However this book touches upon 112 diseases with the help of 102 illustrative charts. The last (16th) chapter of this book is devoted to common astrological remedies with a new Karmic and practical point of view to propitiate evil planets causing ailments.

The interest of every individual to know his financial status has inspired me to write this book. This is a part of the Encyclopedia captioned as 'Wealth & Prosperity'. It is the seventh book in the encyclopedia series. We have in this book tried to explain the combinations of wealth with an eye for the reader to understand the principles that decipher the quantum of wealth. In the beginning we have given a large number of examples which show the combinations that are instrumental in giving wealth. We have also outlined the combinations that generate wealth. From the third chapter onwards we embark upon analyzing a horoscope on the promise it holds for wealth and prosperity. It starts with explaining the impact of Signs and houses on there propensity as wealth providers. In basic predictive astrology the ascendant, second, fifth, ninth and eleventh house play critical role in predicting the wealth quantum. There are six chapters we have dedicated in the book explaining the impact of planets in houses and the placement of lords of ascendant, second, fifth, ninth and eleventh in different houses .In details the results have been written. This is the first basic principle that has to be understood and has been dealt at length.

Astrology nowadays is universally recognised as a science, based on sound mathematical principles and calculations. But while it is easy to agree to this premise, it is difficult to find a well-researched comprehensive book to guide the general reader. In response to this need, this book is designed to bring home to the reader the fundamentals of the discipline with the predictive aspect. One who reads this book, will not only be able to make fairly correct predictions but also will be encouraged to take to the study of more advanced works. The book is a complete astrology guide that begins with the fundamental principles bringing you a wealth of information offering- *How 12 Rasis have been formulated, and goes on to explain the method of casting a horoscope. *What are the qualities ascribed to people born under different signs(for instance, people born under Aries are of independent nature). *What is the meaning of Bhavas (viz., what a planet indicates in a specific house). *What do the Mahadasas of different planets mean? *What are Yoga and Meditations (for instance Sakaka Yoga and Meditation makes a person stubborn and hated by relatives and Parvata Yoga and Meditation makes a person passionate). The book also offers a special section on the subjects of matrimony, compatibility along with case studies predicting major events of your

life like career-change, gain or loss of fortune etc. The book remains one of the most authoritative guides on astrology, written by a leading authority. Your search for the best book available on the subject must end here.

A most reliable guide to practical astrology, Notable Horoscopes does not contain startling predictions and amazing forecasts. But it is the product of investigations and studies by the author presented here in an orderly and scientific form but in simple language easily understandable by the average reader.

In the history of medical astrology, for the first time, a comprehensive approach to locate the disease is given. This book deals with diagnosis of disease. An easy and step by step method is given which can be applied by any beginner of the subject. A must book for lovers of practical astrology.

This book provides an insight into the importance of astrology viz., natal, electional and horary, as well as deals with other dimensions of this science such as spirituality, spiritualism, Ayurveda, transmigration of souls, thought-reading, dreams, temple and its rituals and effects of particular sins. The work presents new theories and methods of determining success and defeat in contests and wars with the help of illustrative charts. It urges readers to avoid fatalism commonly associated with predictions and explains how one could solve riddles in life and tide over the pessimistic attitude and related psychological problems. The author has thrown fresh light on some questions like the name of the author of Prasnamarga, line of succession of his pupils, and the authorship of the Dasadhyayi. The most significant contribution of this work is the clear exposition of the rules of Astamangala and Devaprasna, in addition to Candragupti (water-divination), martial problems, Coragrahas, Necromancy, special importance of Mandi and Dasa of its star, Kalacakradasa, etc.

The destiny of our entire life is imprinted in our palms! The thinnest line on the palm has its own significance, even a single thread-line is important. What one needs is an able palmist who can read these lines, understand the importance and be able to make it clear. So, keeping in view of the need for such an extensive book on palmistry, this book contains all aspects of palmistry with clear illustrations and complete information, in simple language. An excellent ready-reckoner for palmists and astrologers, an easy-to-understand guide that introduces the reader to the basic concepts of palmistry and to the more involved areas Learn how to assess a palm at a glance. Find out what loop patterns, lines, shape of hand and length of fingers mean. Locate specific palm lines easily with clear hand drawings.
