New Api Standard 618 5th

the 5th Edition □API Standard 618 (the Standard) is the recognized specification for owners and manufacturers of reciprocating compressors. The 4th Edition of API 618 was published in 1995. During the following 12 years, the in-dustry identified many enhancements to this Standard, which were included in the new 5th Edition, published in December 2007.

Their standpoint is that API 618 does not state that the compressor has to be designed to run at this minimum requirement, simply that the criteria should be met. The same requirement existed on the 3rd edition of API 618, and my understanding is that it will be kept unchanged on the forthcoming 5th edition.
