idea or image is marketed so that it is recognizable by more and more people, and identified with a certain service or product when there are many other companies offering the same service or product.

Advertising professionals work on branding not only to build brand recognition, but also to build good reputations and a set of standards to which the company should strive to maintain or surpass.

Branding is an important part of Internet commerce, as branding allows companies to build their reputations as well as expand beyond the original product and

service, and add to the revenue generated by the original brand. When working on branding, or building a brand, companies that are using web pages and search engine optimization have a few details to work out before being able to build a successful brand.

Coordinating domain names and brand names are an important part of finding and keeping visitors and clients, as well as branding a new company. Coordination of a domain name and brand names lends identification to the idea or image of a specific product or service, which in turn lets visitors easily discovery the new

source of genuine products you would have to spend \$1,000's just to get enough discount to make even a small profit. You see there are just too many sellers competing for the same business. Brand name products are just too expensive to buy, the margins are slim and there is too much competition. There must be an easier way to make money? Well there is, the market for non branded and private label products on eBay is huge and this approach works in any market, it costs a tiny amount to set up and the profit margins are outrageous and it is much

easier than most people would believe. In this comprehensive book I show you step by step how to build your own eBay empire selling Private Label and Non Branded stock. The profit margins on private label products and non branded products are massive. The Advantage Of Private Label Products Are:

- No one can directly compete with you as you own the brand.
- Your customers will know where you sourced product from.
- Private labelling is widespread across many industry sectors as is none branded products.
- Small minimum orders allow us to test products for a

tiny risk. • You can build an entire business using Private Label & Non Branded Products • Compete with household name products at a fraction of the price of stocking branded items. • You are almost always dealing directly with the manufacturer so no wholesalers cut. As no one is selling exactly the same product as yourself and no one will know where you bought it from, you can sell at your own price. I even provide a list of Private Label Suppliers and Manufacturers who stock a massive range of product that you can sell in multiple niche markets these
