The Gap Between Rich And Poor Americans' Health Is Widening

America's median income is still that of a rich country, around \$50k, depending on how it's counted. Nor do I really mean relative poverty - people living below median income. While that's a growing problem in America, because the middle class is imploding, that is not really the true problem these

numbers hint at, either.

We live in a society comprised of two classes called the rich and the poor with a lot of differences between them. These are also referred to as the haves and have-nots of the society. The rich make up barely 20% of the population and have control over 80% of the resources while 80% of the population makes use of the remaining 20% of the resources. However, the divide between rich and poor, despite all 'isms' such as communism, capitalism, and socialism keeps growing all the time making ...
