to the Saxon math program. This test includes selected content from Math 54, Math 65, Math 76, Math 87, and Algebra 1/2. Please note that this placement test is not infallible. It is simply one indicator that teachers may use to place new students. The best placement for most new students is to start the year in the textbook designed for

Middle Grades Placement Test - Using John Saxon's Math Books

Saxon Math Placement Guide. Saxon books are skill-level books, not grade-level books. It is essential that each student be placed in the text that meets his or her skill level. Success with one Saxon book strongly suggests success with the next Saxon book. The following Saxon placement test guide may be used to estimate which book a student ...
