The first book in twenty-five years from "one of our great comic minds" (The Washington Post) features Seinfeld's best work across five decades in comedy. Since his first performance at the legendary New York nightclub "Catch a Rising Star" as a twenty-one-year-old college student in fall of 1975, Jerry Seinfeld has written his own material and saved everything. "Whenever I came up with a funny bit, whether it happened on a stage, in a conversation, or working it out on my preferred canvas, the big yellow legal pad, I kept it in one of those old school accordion folders," Seinfeld writes. "So I have everything I thought was worth saving from forty-five years of hacking away at this for all I was worth." For this book, Jerry Seinfeld has selected his favorite material, organized decade by decade. In this "trove of laugh-out-loud one-liners" (Associated Press), you will witness the evolution of one of the great comedians of our time and gain new insights into the thrilling but unforgiving art of writing stand-up comedy.

So the first time you hear the concept of Halloween when you're a kid, your brain can't even understand it. "What is this? What did you say? Someone's giving out candy? Who's giving out candy? EVERYONE WE KNOW is giving out candy? I gotta be a part of this!" In his first picture book, comedian and bestselling author Jerry Seinfeld captures on the page his hilarious views on Halloween, from Superman costumes that look like pajamas to the agony of getting bad trick-or-treat candy. Seinfeld's tale resonates with vivid experiences of a night every kid loves. Both kids and adults will eat up Jerry's distinct and unwritten rules of Halloween. Hamilton King award-winning illustrator, James Bennett's outlandish illustrations perfectly depict these unique observations, reminding us why Jerry Seinfeld is still the funniest man alive.

In the tradition of the #1 best-seller Seinlanguage, Bantam Books proudly presents the first book by Paul Reiser, television's sharpest, funniest observer of love, marriage and other mysteries of life. A veteran comic performer, Reiser is best-known as the co-creator and star of the highly-rated NBC comedy, "Mad About You", which Time Magazine called "The season's best new sitcom" in its 1992 debut. Every Thursday night more than twenty million viewers watch as Paul Reiser reveals the most intimate and hilarious scenes of a marriage. Now for the first time, Reiser brings his trademark wit to the page in a book that will delight his eagerly-awaiting audience, and anyone else who has ever fallen in love -- or tried not to. In Couplehood, a New York Times bestseller for more than 40 weeks, Reiser reflects on what it means to be half of a couple -- everything from the science of hand holding, to the technique of tag-team storytelling, to the politics of food and why it always seems to come down to chicken or fish.

How is Jerry like Socrates? Is it rational for George to "do the opposite?" Would Simone de Beauvoir say that Elaine is a feminist? Is Kramer stuck in Kierkegaard's aesthetic stage? Seinfeld and Philosophy is both an enlightening look at the most popular sitcom of the decade and an entertaining introduction to philosophy via Seinfeld's plots and characters. These fourteen essays, which explore the ideas of Plato, Aristotle, Lao-Tzu, Heidegger, Kant, Marx, Kierkegaard, Nietzsche, Sartre, and Wittgenstein, will show readers how to be masters of their philosophical domain.

A hilarious new collection of razor-sharp observations from the New York Times bestselling author of Brain Droppings. Few comics make the transition from stage to page as smoothly or successfully as George Carlin. Brain Droppings spent a total of 40 weeks on the New York Times bestseller list, and this new one is certain to tickle even more ribs (and rattle a few more cages) with its characteristically ironic take on life's annoying universal truths. In Napalm & Silly Putty, Carlin doesn't steer clear of the tough issues, preferring instead to look life boldly in the eye to pose the questions few dare to ask: How can it be a spy satellite if they announce on TV that it's a spy satellite? Why do they bother saying "raw sewage"? Do some people cook that stuff? In the expression "topsy-turvy," what exactly is meant by "turvy"? And he makes some startling observations, including: Most people with low self-esteem have earned it. Guys don't seem to be called "lefty" anymore. Most people don't know what they're doing, and a lot of them are really good at it. Carlin also waxes wickedly philosophical on all sorts of subjects, including: KIDS--They're not all cute. In fact, if you look at them closely, some of them are rather unpleasant looking. And a lot of them don't smell too good either. DEATH ROW--If you're condemned to die they have to give you one last meal of your own request. What is that all about? A group of people plan to kill you, so they want you to eat something you like? Add to the mix "The Ten Most Embarrassing Songs of All Time," "The 20th Century Hostility Scoreboard," and "People I Can Do Without," and you have an irresistibly insouciant assortment of musings, questions, assertions, and assumptions guaranteed to please the millions of fans waiting for the next Carlin collection--and the millions more waiting to discover this comic genius.
