liability going forward. The information is timely, accessible and applicable to every citizen in every situation. Garrett Sutton has spent the last thirty years protecting clients' assets and implementing corporate structures to limit liability. This significant experience shines through in a very readable book on the why to's and how to's for achieving asset protection. Start Your Own Corporation teaches how to select between corporations and LLCs and how to use Nevada and Wyoming entities to your maximum advantage. This non-technical and easy to understand book also educates on the importance of following corporate formalities, using business tax deductions and building business credit. Rich Dad Poor Dad author Robert Kiyosaki says, "Start Your Own Corporation is a must read for anyone with any assets to protect."

Garrett Sutton's Own Your Own Corporation has become the resource to turn to to learn how you as a private citizen can take advantage of incorporating yourself and your business. As we now know, such a move can not only save you thousands and thousands of dollars in taxes, but can also protect your home, savings and family assets from the potential attack of creditors. But since the book's publication in 2001, changes in tax laws and other important regulations have been made that affect those pursuing or having corporation status. Now, in a newly revised and updated edition, readers will find the same indispensable and timeless advice (on topics ranging from management control and avoiding disputes to flexibility of decision-making) and a highly accessible breakdown of all the latest pertinent legal developments and how they affect you.

"I've set up my corporation. Now what do I do?" All too often business owners and real estate investors are asking this question. They have formed their protective entity – be it a corporation, LLC or LP – and don't know what to do next. "Run Your Own Corporation" provides the solution to this very common dilemma. Breaking down the requirements chronologically (ie the first day, first quarter, first year) the book sets forth all the tax and corporate and legal matters new business owners must comply with. Written by Rich Dad's Advisor Garrett Sutton, Esq., who also authored the companion edition "Start Your Own Corporation", the book clearly identifies what must be done to properly maintain and operate your corporation entity. From the first day, when employer identification numbers must be obtained in order to open up a bank account, to the fifth year when trademark renewals must be filed, and all the requirements in between, "Run Your Own Corporation" is a unique resource that all business owners and investors must have. Rich Dad/Poor Dad author Robert Kiyosaki states, "Run Your Own Corporation is the missing link for most entrepreneurs. They've set up their entity, but don't know the next steps. Garrett Sutton's book provides valuable information needed at the crucial start up phase of operations. It is highly recommended reading." When "Start Your Own Corporation" is combined with "Run Your Own Corporation" readers have a two book set that offers the complete corporate picture.

OWN YOUR OWN CORPORATION reveals the legal secrets and strategies that the rich have used for generations to run their businesses and protect their assets. Written in a clear and easily understandable style, and now completely revised and updated to reflect important changes in rules and regulations, OWN YOUR OWN CORPORATION provides the necessary knowledge to save thousands of dollars in taxes and protect your family assets from the attacks of creditors. The LLC and Corporation Start-Up Guide is a must-have resource for the aspiring business owner who needs to know about organizing or incorporating his or her business.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. " Why should I put time into studying subjects I will never use in real life? " he protested. Without thinking, I responded, " Because if you don't get good grades, you won't get into college. " " Regardless of whether I go to college, " he replied, " I'm going to be rich. "
