Appropriate for upper level undergraduate business administration courses. This practical, real-world text presents strategy as it is actually applied within organizations through the use of an effective integration of theory and action.

Illustrates the vital components of effective website design. Two leading representatives from the web design industry (Paul Andrews of Abstract Art P/L and Simon Bowden design P/L) shed light on the approaches they take in developing an online presence for their clients.

Strategic Management in Action: International Edition, 3/e is clearly differentiated from other texts by its conversational writing style, brief paperback format, increased use of pedagogy, and emphasis on students doing strategy. The volume effectively integrates strategy theory and strategy action in an exciting and engaging way. Corporation: A Global Business Simulation, 4/e: easy to start-up and use - even for students and instructors with no computer experience - this multi-business unit computer simulation provides players with real-world experience in managing strategic choices and in engaging in negotiations. The instructor's manual contains instructor and student disks. It is now available in Windows format

Designed to complement case analysis in university and professional strategic management courses. Crossan is a concise, practical guide for strategic management courses. The text provides an organized set of concepts and procedures for analyzing and acting on strategic problems. The new edition has been updated to include new and updated examples and cases in addition to coverage of changes to strategy, practice and theory that have occurred since the publication of the 7th Edition.

Strategic leadership techniques are the cornerstone to positive growth and prosperity within businesses and organizations. Implementing new management strategies and practices helps to ensure managers are optimizing their resources and driving innovation. The Encyclopedia of Strategic Leadership and Management investigates emergent administrative techniques and business practices being utilized within corporate and educational settings. Highlighting empirical research and best practices within the field, this encyclopedia will be an authoritative reference source for students, researchers, faculty, librarians, managers, and leaders across various disciplines and cultures.
