September 23, 2015. musictheory. Every piece of music has an overall plan or structure, the “big picture”, so to speak. This is called the form of the music. It is easy to recognize the form or structure of something, like a cat or a leaf, if we can see it all at once. Other things, like the inside of a big building, or the structure of a government, may have to be explored or studied before their structure can be understood.

Music Forms : Musical Analysis & Classic Harmony

Musical analysis is the study of musical structure in either compositions or performances (DeVoto 2003). According to music theorist Ian Bent, music analysis "is the means of answering directly the question 'How does it work?'" (Bent 1987, 5). The method employed to answer this question, and indeed exactly what is meant by the question, differs from analyst to analyst, and according to the purpose of the analysis.
