The Art and Science Of Writing. How to write your way to ... Unsurprisingly, this is a well-written book. It speaks about writing and presenting scientific ideas in a clear way, skewed no-doubt to novices such as myself. Many things seem to remain unspoken in academia, none more frustrating than those we are expected to just learn by trial and error.

The Craft of Scientific Writing: Amazon.co.uk: Alley ... The Craft of Scientific Writing is designed to help scientists and engineers - both professionals already active in the disciplines as well as students preparing to enter the professions - write about their work clearly and effectively. Written for use as a text in courses on scientific writing, the
