Book Review: The Limits of the Market by Paul De Grauwe. The Limits of the Market- The pendulum between government and market, Paul De Grauwe, 2017, Oxford University Press. I was thoroughly enjoying this short, simple book that was saying a lot to me with its concise and focused material. The short book does a great job, until the last third, in explaining the theory and implication of how resources are allocated under a market system (think capitalism) and a

Book Review: The Limits of the Market: The Pendulum between Government and Market by Paul de Grauwe. Building upon the key principle that politics demands a necessary balancing of market and state, in The Limits of the Market: The Pendulum between Government and Market author Paul de Grauwe offers a history of the pendulum swing between these two spheres and recommends reforms that can help ensure a more workable dynamic between the market and the state.

~~Book Review: The Limits of the Market: The Pendulum ...~~

When market system hits its limits the state is strengthened. Dynamics is created that shrinks the market, when market system leads to destruction of environment when inequality becomes unacceptable. There is something self-defeating in market system.
