The Opposing Shore - Wikipedia

What Buddhist burst of contemplation led Julien Gracq to write this strangely atypical historical fantasy? The Opposing Shore is set in the Venice-like maritime state of Orsenna which faces, across a strait, the Muslim kingdom of Farghestan. We follow the young, ambitious Aldo, who signs up with the Signory to be sent to Syrtes, in the dour old Admiralty fortress which reminds Orsenna that, after three centuries, it is still technically at war with Farghestan.

Julien Gracq was one of the writers the Surrealists wanted but they couldn't get (like Roussel and De Chirico); his work shares something with their aesthetic, but it's very much his own.
