### **The Shareholder Value Myth: How Putting Shareholders First ...**

*The Shareholder Value Myth: How Putting Shareholders First Harms Investors, Corporations, and the Public* (Berrett Keohler Publications, 2012) challenges the ideology of shareholder value. Part I, "Debunking the Shareholder Value Myth," traces the intellectual origins of shareholder-primacy thinking. It shows how the ideology of shareholder value maximization lacks any solid foundation in corporate law, corporate economics, or the empirical evidence.

### **The Shareholder Value Myth**

A fair portion of *The Shareholder Value Myth* is focused on analyzing the impact of several popular measures promoted by shareholder advocates, the SEC, and Congress over the past two decades: "de-staggering" boards, so that all directors may be removed at once; giving shareholders the right to circulate proxies to all other shareholders on issues of interest; and equity-based compensation.

### **The Shareholder Value Myth: How Putting Shareholders First ...**

*The Shareholder Value Myth: How putting shareholders first harms investors, corporations, and the public.* by Lynn Stout. Business schools and law schools teach that the purpose of a corporation is to maximize shareholder wealth. "Shareholder wealth, in turn, is typically measured by share price—meaning share price today, not share price next year or next decade."
