6 Facts About How Cannabis Was Used in Ancient Egypt. Morgan Roger. In recent years, cannabis has been considered one of the most widespread medicinal herbs. Before, in ancient times, the plant, medicine, and drug's reach was much wider as its use was much more common in different aspects of regular life. For thousands of years, cannabis has been part of Egypt's cultural and religious practices, which many modern laws now prohibit.

6 Facts About Cannabis Use in Ancient Egypt | Civilized Life
The study reveals 112 field weeds from 61 archaeologi- present weed flora of Egypt is estimated at 470 species cal sites dating from Predynastic times (4500 B.C.) up to or 20% of the flora. The present study reviews the the Graeco-Roman period (A.D. 395).
