Would you like to be more succesfull on Tinder(R), Happn(R) and the other dating apps you're using? Do you want to know the secrets to match more of the beautiful girls you swipe right to? Then keep reading, as this is the exact guide for you. As you surely know, Tinder(R) has been explicitly created to approach women, this means that it is very different to text a woman on this app than doing it on Instagram(R), Facebook(R) or other social network, where women instead might only want to post pictures, be in touch with the social circle, and so on. This leads to a much bigger openness women have towards men compared to other contexts, and you can use this by immediately "hit the gas" of the seduction button. Unfortunately, for you, this does not mean that women cannot wait to end up in the bed of the first man they match with. This is mainly due to women usually have a countless pool of men to choose among (and the more beautiful the woman is, the choicer she has), therefore, they can set up very high standards before accepting to date a man. Your task is to pass this strict selection! However, do not worry, as by reading "Tinder Dating" you will have all the tools you need to be successful and enjoy the effort at the same time! Here is what you will learn by reading this book: Why meeting girls on dating apps makes dating a much easier, more
