~~Buy Trading Price Action Reversals: Technical Analysis of~~

Praise for Trading Price Action Reversals "Al Brooks has written a book every day trader should read. On all levels, he has kept trading simple, straightforward, and approachable. By teaching traders that there are no rules, just guide-lines, he has allowed basic common sense to once again rule how real traders should approach themarket.

~~Trading Price Action Reversals: Technical Analysis of~~

Price action trading is based on the belief that past price history can help predict the future of a market, or the potential for a pattern to repeat. Indicators are similar in this way. However, when using price action you are reading live price as it is being printed on a chart, whereas indicators are 'lagging'.
