people who might be curious about serving in the military decide whether military service is right for them, which branch is the best fit, and whether they are qualified for and prepared for military service. Features include lists of books, web links, and videos; a glossary; and an index.

The second edition of *Beyond the Wild Blue*, an update of the popular history originally released in 1997, is a fascinating look at sixty turbulent years of Air Force history. From the prop-driven armada of World War II to the most advanced Stealth weaponry, from pioneers like General Henry "Hap" Arnold to glorious conquests in the Gulf War, *Beyond the Wild Blue* is a high-flying study of the triumphs (and failures) of leadership and technology. In three new chapters, Walter Boyne covers an eventful ten years,
