LIPACE Pilot Study Guide is not only a landmark achievement in the educational history of Liberia but a remarkable stride towards the proper preparation of Liberian students for future diets of the WAEC exam. As a member of the National Committee of the West African Examinations Council and a Stakeholder in

journey through this guide very rewarding as you prepare to sit the next WAEC Exam.—David S. Massaquoi, Sr., director of Education, The Salvation Army – Liberia Command Education Secretariat Our students sit the exam in constant fear of proctors and supervisors. They know nothing about the exam and its structure

and this fear lead to them failing massively.  
We need to build the confidence level of our students and help them to study hard and understand the roles of proctors and supervisors to stop the intimidation during the exam. Thanks to LIPACE and the “ Turning the Tide ” project, we have helped our students achieved an amazing

First of all other, I find No Grammar Tears very informative. What amazes me is the

kind of dedication and patience Marthus-

Adden spent in writing this book. This is

because this kind of genre actually needs full

attention. Truly, whatever he has written is

precise and correct. I really admire his

generosity of sharing his knowledge about English owing to the fact that English is his second language. What is good about the book is that the writer wrote it in a manner that readers can easily understand it. In other words, what makes this book different from the other English grammar books in the market is that it is more user-friendly,

# Online Library Waec Correct Objectives

which means he wrote it in a manner that can easily be understood, especially by those who just learned English and want to learn more. Correctly put, this book is a guide to those who wants to learn English on their own. As a matter of fact, he has a knowledge check in every subject he has discussed in this book. He catered everything, especially

# Online Library Waec Correct Objectives

in the part on how to construct sentences, which are very precise and which make it very easy to learn the book. He did not change anything at all in terms of the right way to speak and learn English, but instead he made it easier and more convenient for those people whose English is not their first language. In point of fact, he wrote this book

not because he wants to show off to the world that he is a good grammarian, but because he wants to help those struggling to learn English. The book therefore deserves recognition because he is actually giving a favour to those who can't afford to have a private tutor to teach them how to speak English correctly. I must, in conclusion,

# Online Library Waec Correct Objectives

admit that this book will really help those people who want to learn English language; those people who are striving to speak perfect English; and those people that English is their second language. I will therefore commend the author for this book.
